## 2.7 Valuation of inventories

Inventories are stated at cost which is lower than net realizable value in compliance with the requirements of paras 21 and 25 of IAS-2 (Inventories).

The cost of inventories is based on the weighted average cost principle, and includes expenditure incurred in acquiring the inventories and other costs incurred in bringing them to their existing location and condition.

Net realizable value (NRV) is the estimated selling price in the ordinary course of business, less the estimated costs necessary to make the sale.

## 2.8 Impairment

### Non-derivative financial assets

Financial assets not classified as at fair value through profit or loss, are assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

### Non-financial assets

The carrying amount of the non-financial assets, other than inventories are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the assets' recoverable amounts are estimated. For intangible assets that have indefinite lives, recoverable amount is estimated at each reporting date. An impairment loss is recognized if the carrying amount of an asset or its cash generating unit (CGU) exceeds its estimated recoverable amount.

## 2.9 Trade & other receivables

Trade & other receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition trade & other receivables are measured at amortized cost using the effective interest method, less any bad debts provision.

## 2.10 Advance, deposit & prepayments

Advances are initially measured at cost. After initial recognition, advances are carried at cost less deduction, adjustment or charges to other account heads. Deposits are measured at payment value. Prepayments are initially measured at cost. After initial recognition prepayments are carried at cost less charges to Statement of Comprehensive Income.
